## DR. ECKENER POSTPONES FLIGHT ACROSS PACIFIC

### Coste To Attempt Trip Across Atlantic Ocean

#### SWISS FAILURE FAILS TO DAUNT DARING AVIATOR

Weatherman's Word All Delaying Hop To New York City

FAILED IN FIRST TRIAL AT TRIP

Indications Are Flight Will Start Friday Or Saturday

Paris, Aug. 22.—Undaunted by the latest trans-Atlantic flying tragedy which apparently has claimed the lives of the Swiss boy aviators, Oskar Kaeser and Kurt Luescher, Dr. Eugène Coste, France's premier living aviator, is at Le Bourget today, awaiting the weather man's "go" for a new attempt to span the ocean from east to west by air.

Coste will be accompanied by Maurice Belland, the navigator and mechanic, who will with him on the second unsuccessful attempt to fly the Atlantic, when the aviator was forced by storms to turn back after reaching the Azores.

According to present indications, the start will be made early tomorrow or Saturday morning. Coste is determined to make the flight, and he has learned enough about the hazards of trans-Atlantic flying on his last attempt to ensure success this time.

The flight will be made in the Breguet-Hispano plane which carried the aviator 1,000 miles out over the ocean on his last attempt. The plane is equipped with radio, but there is no provision for an emergency landing on the water.

Coste originally intended to make a dawn today, but although weather conditions were good, he was hesitant they would become much worse, and decided to wait at least.

#### Many Aspire To Policeman's Job

Cleveland, Aug. 22.—The terse notice, "policemen wanted," posted by the city of Cleveland has flooded the civil service commission with applications. More than 2,800 applications—nearly triple the usual number—are on file with the commission today.

Belief that the cause for the unusually heavy application list is economic, was advanced when it was learned that many of the applicants are desirous of trying a policeman's life because of the attraction that it is a steady job "for 25 years if you make good," and has no off-season.

#### LIQUOR PROBLEM FORMS TOPIC OF MEETING SPEECH

Dr. J. T. Headland Gives Interesting Address at Damascus

"Law enforcement is the hardest thing to accomplish in this world," declared Dr. Isaac T. Headland, of Alliance, in an address relating to the liquor traffic at the Wednesday afternoon session of Ohio Yearly meeting of Gurney Friends at Damascus.

From Noah to the present time we have had intemperance to combat, it preceded slavery," the speaker said.

"The United States is the first nation to try to make itself a dry country. What is put into the minds of our boys and girls in school will be reproduced in their characters as men and women.

"We have a fight, a bigger, a harder battle than we had to free the slaves."

At the Wednesday morning session credentials were read for Samuel and Lula Jackson, Iowa yearly meeting; Millie M. Lawhead and Clara Ford, Indiana yearly meeting; Harry Parry, Canada yearly meeting; and Murray B. Kenworthy, Baltimore yearly meeting.

A message from Western yearly meeting, now in session, was read. The state of the church was discussed numerically, financially and spiritually. There was a far cry for evangelism.

At the evening service Rev. Albert Fryhoff, of Columbus, preached to a large audience.

Rev. Fryhoff brought a searching message to the church, using as his theme "Where is the God of Elijah?" He brought out the thought that sin was the thing that separated people from God. "The day of revivals is not past," the speaker declared. He pointed out that when the church is willing to pay the price there will be a revival.

Here is Friday's program:

7:30 a. m. Young People's service; speaker, Leuelien Lockwood.

9:00 a. m. General session. Reading of minutes; report of Foreign Missionary board.

10:00 a. m. Children's meeting.

11:00 a. m. Expository hour, Edward Mott; subject, "The Superiority of Christ—His High Priesthood Superior to the Atonement."

12:00 p. m. Business session. Epistles; miscellaneous business; report of committee on Indian affairs; report of Bible school committee; address, Walter Williams.

3:00 p. m. Memorial hour.

3:30 p. m. Adjournment.

3:40 p. m. Meeting of delegates.

3:40 p. m. Junior Missionary program.

7:30 p. m. Young People's service.

#### NEIGHBORHOOD DAY AT AKRON

Salem Business Men To Visit Rubber City August 28.

Extensive plans are being made in Akron to entertain hundreds of business men and their wives from neighboring cities at the annual business day celebration on August 28.

Visitors will be arranged to banks, wholesale houses, rubber and other industrial plants for the men, with luncheon parties for the ladies.

A trip will start to the airport where the new airport hangar will be visited and exhibition flights of the many biplanes and many airplanes may be observed.

There will be a complimentary dinner at the Akron Armory at 7 p. m. and a special theater party at the Colonial theater for the balance of the evening.

Registration will be at the Armory up to 4 p. m. with free parking in adjoining parking lots.

The Akron Chamber of Commerce has extended a cordial invitation to business men of Salem to be its guests for the entire program.

#### Divorced Monday; Licensed To Wed

Lisbon, Aug. 22.—Murray K. Dawes, a salesman residing at Columbiana, and who obtained a divorce from his wife last Monday morning has just been granted a license to marry Margaret Lombard, a bookkeeper and daughter of Mr. and Mrs. Nicholas Lombard, also of Columbiana.

Dawes was first married at Boston, Mass., Oct. 30, 1911, and his divorce petition filed by Attorney L. Lafferty July 3 last.

His wife with wilful absence over a period of three years and also gross neglect of duty. The decree was obtained on the free ground. Dawes was a former resident of Berger, N. Y., while Mrs. Lombard formerly resided at Pittsburgh.

#### Prosecutor Returns

Columbus, Aug. 22.—Prosecuting Attorney John E. Baughman who has been spending a summer holiday with his family at Mentor—On the Lake will return to his office at Lisbon next Monday, Saturday afternoon. Prosecuting Attorney George L. Lafferty will leave on his vacation by taking an eastern motor trip.

#### HAAGUE MEETING FAILS TO BRING GREAT RESULTS

League of Nations May Interfere With All Sessions

ENGLAND BLAMED FOR SLOWNESS

German Representatives Particularly, Are In Gloomy Attitude

The Hague, Aug. 22.—A plenary session of The Hague reparations conference was held today, but the allied delegates failed to solve the difficulties which are holding up the parity.

"There is general confusion," said Foreign Minister Gustav Stresemann, of Germany, when he left the meeting chamber. "Nothing has been done about allied evacuation of the Rhineland. But the private conversations will continue."

The conference will meet again tomorrow afternoon at 4:30 o'clock.

Six powers—Britain, France, Italy, Japan, Germany and Belgium—were represented in the plenary session. There was an atmosphere of deep pessimism when it began at 10:30 o'clock. The Germans were particularly gloomy.

Arrangements are being made to keep The Hague conference going, despite the fact the league of nations assembly is soon to meet at Geneva. Dr. Stresemann suggests that subordinate delegates be sent to Geneva and that the allied "chiefs" remain here until an agreement of some kind is reached upon the problems involving distribution of reparations, the creation of the proposed international reparations bank and military evacuation of the Rhineland.

The Germans are getting restive under the long drawn failure of the conference to make any progress towards a settlement. There is an atmosphere of tension hanging over the deliberations and both the Germans and the French are blaming the British for the impasse.

It was understood this afternoon that a considerable portion of the private deliberations dealt with the proposals of France, Italy, Japan and Belgium to grant 50 per cent of the demands made by Snowden. It was understood, furthermore, that Germany's complicated position received consideration. Dr. Stresemann has warned the allied delegates that failure to reach an agreement on the Young plan would mean the fall of the Mueller cabinet at Berlin.

#### OFFICER SHOTS 17-YEAR BOY

Wounds Prove Fatal To Alleged Burglar In Store

Cleveland, Aug. 22.—Vernon Cook, an alleged 17-year-old boy burglar, was shot and killed early today by Patrolman Frederick Fleischer, who claimed he trapped him and his brother, James, 16, "as they were looting the Kramer Hardware store here."

The policeman said he saw the two youths in the store as he was making his rounds. Vernon was holding a nickel-plated flashlight. As he turned the beam of the flashlight on the boys, Fleischer fired. The bullet struck the alleged boy burglar in the back and pierced his heart. James surrendered himself to the patrolman.

According to police, James admitted that he and his brother entered the store for the purpose of robbery.

#### Cleveland Dies In Traffic Crash

Cleveland, Aug. 22.—Hurled into the path of a street car after he had sideswiped another automobile, Joseph Mack of Cleveland, was almost instantly killed here today. He was rushed to Emergency Clinic hospital but was dead when physicians examined the body.

Charles Beahm, 25, died early today in Huron Road hospital of injuries received last yesterday when his auto collided with another.

These two deaths due to traffic accidents raised the total of Cleveland's traffic fatalities for 1929 to 156.

#### HOPES SMALL FOR AVIATORS LOST AT SEA

Swiss Fliers Thirty - Six Hours Overdue in New York

New York, Aug. 22.—More than 36 hours overdue, the fate of Oscar Kaeser and Kurt Luescher, youthful Swiss fliers who were attempting a trans-Atlantic flight from Lisbon, remained uncertain today, but as the hours passed with no news of their whereabouts, hopes for their safety were virtually abandoned.

Nothing has been heard of the airmen since they circled over a town in the Azores late Monday. Orders have been sent out by the navy department for all vessels in the north Atlantic to keep sharp watch for the lost fliers, but no encouraging word has been received.

There is still a possibility that some trans-Atlantic vessel, perhaps a small steamer unacquainted with wireless, may have picked up the fliers in their collapsible rubber boat somewhere between the Azores and the Atlantic coast, but hopes for such a rescue diminished hourly.

Kaeser, 21, and Luescher, 22, were the youngest fliers ever to attempt a trans-Atlantic crossing.

#### Cleveland Police See Bombing Gang

Cleveland, Aug. 22.—Members of a racketeer gang were sought by police today in connection with the bombing and firing of a residence under construction shortly after midnight last night.

The explosion which wrecked the front of a two-story brick dwelling and caused damage estimated at more than \$1,000, was believed to have been set off by a gang hired by a labor group according to police.

#### Quaker City Band Will Give Concert

A request program will be played by Quaker City band at a concert at 8 p. m. Monday at Centennial park, director of the band, John W. Hundertmark, announces.

This is the second program of request numbers to be offered by the band. The program will be announced Saturday.

#### PRISONER WHO FLED STATE PENITENTIARY FREED BY GOVERNOR

Man Evaded Law Ten Years; In That Time Lived Righteous Life, Married and Established Home For Family; Now Given Pardon

Columbus, O., Aug. 22.—Gov. Myron Y. Cooper today commuted the life sentence of Herman Boyer, Lorain county prisoner in Ohio Penitentiary, to expire at once. Boyer was received at the big state prison January 19, 1914, after pleading guilty in the Lorain county common pleas court, to the charge of having criminally assaulted his niece.

Executive clemency was given Boyer, it was announced at the governor's office in response to recommendations by the state clemency board and Attorney C. P. Adams, who, as prosecuting attorney of Lorain county, prosecuted the case against Boyer. The trial judge is dead.

The clemency board informed the governor that Boyer was transferred to the state prison farm, near London, May 18, 1918, from which place he escaped and was not apprehended until 10 years later.

Prior to his apprehension last year, Boyer obtained employment at Toledo where he was married in 1919. Boyer and his wife moved to Cleveland where, after he found work as a father, they built a home.

"In the 10 years that Boyer was an escaped convict he lived an industrious, clean, honest life, so far as we have been able to ascertain," the board told Governor Cooper. "His wife is loyal to him and is waiting for his return, to again establish a home."

The board told the governor that Boyer's niece now is married and has children and that she joined in requesting clemency for Boyer. Board members declared that Boyer and his wife exchanged visits with his niece and her family prior to his apprehension last year.

#### PASSENGER SHIP CROSSES NATION

Plane Travels to N. York From Los Angeles In Nineteen Hours

New York, Aug. 22.—"It was a most enjoyable trip."

Such was the brief comment of Captain Roscoe Turner when landing at Roosevelt Field at 12:30 a. m. today after a nineteen hour and thirty-five minute trip from Los Angeles.

Carrying three passengers and a navigator in an attempt to prove the feasibility of swift trans-continental passenger service, Captain Turner failed only by two hours and seven minutes to equal Captain Frank Hawke's cross-country dash record.

Captain Turner's time was considered remarkable inasmuch as he made four stops in addition to carrying a heavy load.

He stated that waits for gasoline at Albuquerque, Tulsa, Louisville and Cincinnati and the necessity of bucking headwinds all the way retarded his progress considerably.

Captain Turner said that he and his companions would take off tomorrow morning for Los Angeles, and upon arriving there would return to Cleveland for the air races.

His passengers were Fred G. Trotter, Russell Peck and H. C. Gatty, of Los Angeles, and D. R. Lane of Berkeley. Gatty acted as navigator.

#### Office Moved

Announcement was made today that the State Auto Mutual Insurance office, A. F. Wright, district manager, has been moved from 63½ Main st. to 117 Main st. above Salem Electric Supply Company. The phone number, 119, remains unchanged.

#### Pretty Brunette, Corn Liquor, Police Trio, Ohio River, Moonlight Setting For Scene

Huntington, W. Va., Aug. 22.—Leaving what police termed a wild party, Margaret Johnson, 20-year-old pretty brunette, strolled to the Ohio river bank in search of relief from the sultry heat of dog days and "corn" liquor.

Once on the shore of the beautiful Ohio, the ripples beckoned and Margaret slipped from her clothes and went swimming, sans suit.

Meanwhile, telephone bells at police headquarters started ringing. "There's a girl in swimming here without a bathing suit," complained a woman's voice, "and there's a crowd gathering."

Three husky patrolmen sped to the scene, commandeered a row boat and roved hastily to where Margaret was disporting herself.

Ensued a dialogue with policemen commanding Margaret "to come here" and Margaret during the "law" to "come and get me."

Frankly, the policemen roared to where Margaret had been a moment before. Then Margaret became just a flash of white skin and a sleek black head. She dived seal-fashion, out of the officers' reach every time they neared her.

Once Margaret hid for 10 minutes beneath the boat's prow, while the husky officers sat baffled and wondered if the pretty young girl had drowned.

The chase lasted an hour. The unadvertised event threatened to attract a larger crowd than the heralded Chris Green-Betsy Ann steamboat race.

It was an endurance contest with the cops puffing and blowing and a mermaid hiding them on.

Finally, when the police were about to seek reinforcements, the said combination of "corn" liquor and exertion proved too much for Margaret and she was hauled into the John-boat and ferried back to her clothing.

"Why didn't you overturn the boat," someone asked as she was locked on a charge of intoxication at headquarters.

"Gee, I wish I had thought of that," she grinned.

#### GOODWILL TOUR DISRUPTED AS LANDINGS COME

Severe Electrical Storm Forces Planes To Leave Skies

Columbus, O., Aug. 22.—Heavy rain and electrical storms over southern Ohio dealt an unkind blow to the Ohio good will air tour today, making 11 of the planes execute forced landings near Chillicothe and disrupting the itinerary of the state-wide flight.

No accidents marred the landings. Ten of the planes landed in a field seven miles east of Chillicothe and another was forced down about three miles west of that city.

H. G. Curtis, official of the flight, told International News Service, the planes would reassemble at Norton field here and continue the flight. He said it appeared as if they would cut East Liverpool from the list of cities they were scheduled to fly over today.

Seven of the planes are at Norton field and all are now accounted for. One plane, the Flamingo, made its way safely from Portsmouth whence the ships hopped off this morning.

Another plane, the Firestone ship, was forced to abandon the tour yesterday at Troy, because of motor trouble.

This leaves seven of the planes unaccounted for. No alarm is felt yet, however, as it is believed they may have also been forced down.

#### WORKER STRUCK BY STEEL BEAM

Man Will Die From Injuries Sustained On First Day at Work

Columbus, O., Aug. 22.—Unconscious, Harold C. McClaren, about 30 years of age, who was injured when a 12-ton girder struck him while he was working at Port Columbus, local airfield, yesterday is dying in Grant hospital here today, according to hospital officials.

McClaren, an employee of the Schirtzinger Construction company, of Columbus, was caught beneath the huge girder when the crane cable holding it snapped. The trust fell about 20 feet.

He suffered a fractured skull and the head nurse at the hospital said he had no chance to live.

He was a steel worker, engaged in building one of the new hangars at the airport. It was his first day on the job.

#### Bound To Court

Lisbon, Aug. 22.—Robert Garvin, who was recently arrested at West Point on a charge of using one set of automobile license plates on two cars, and who entered a plea of not guilty, has been bound over to the next term of court by Justice of the Peace J. O. McCord.

### ACCIDENT HALTS VOYAGE OF GRAF FROM JAPAN

Weather Now Appears To Be Further Delay To Ocean Hop

#### MOTOR GONDOLA IS CRUSHED IN MISHAP

Repairs Rushed Through With All Possible Speed; Ready

BULLETIN  
Tokio, Aug. 22.—Dr. Hugo Eckener today announced temporary postponement of the start to Los Angeles. Bad weather over Japan and reports from the United States weather bureau that storms were brewing over the Pacific caused the decision.

Kasumigaura Air Field, Japan, Aug. 22.—Possibility of a still further delay in the start of the German Graf Zeppelin on the Pacific leg of its world-girdling flight, because of unfavorable weather, was admitted by Dr. Eckener tonight, 30 minutes before the time scheduled for the start.

"The weather in the vicinity of the air-field at 9:30 p. m. (7:30 a. m. Salem Time) was very adverse. There were heavy clouds; a slight rain was falling, and there was a light wind blowing across the field. Lightning and thunderstorms were reported in the area just north of Kasumigaura."

Tokio, Aug. 22.—The Graf Zeppelin will leave for Los Angeles on the third leg of its round the world flight at 10 o'clock tonight. (New York Daylight Saving Time). It was announced by Commander Dr. Hugo Eckener today.

The passengers were ordered to leave Tokio for Kasumigaura Air Field at 6:10 this evening. Repairs to the rear gondola of the dirigible damaged while the ship was being walked out of its hangar for the take-off yesterday morning, were expected to be completed by 8 p. m. (6 a. m. Salem Time).

It was originally thought the damage would necessitate a twenty-four hours' postponement, but the repairs were rushed through with all possible speed.

#### POLICE KILL TWO LAW VIOLATORS

Bootleggers Fired Upon After Shooting At Officers

Benton, Ill., Aug. 22.—Chief of Police Deroy Fick, of West Frankfort, near here, was held under technical arrest here today pending outcome of an inquest into the deaths of two alleged bootleggers during a gun battle in the business district of West Frankfort last night.

The West Frankfort chief of police instantly killed Earl Kreiger and Albert McDonald after Kreiger is said to have opened fire on Patrolman George Nipper, also of West Frankfort, who was helping Fick search the car occupied by Kreiger and McDonald.

Fisk emptied four shotgun shells into the men after Kreiger is said to have shot at Nipper and missed. Notes detailing deliveries of bootleg whiskey are said to have been found in Kreiger's pockets. Both men were said by the authorities to be police characters.

#### Father Disowns Boy Who Was Arrested

Cleveland, Aug. 22.—Joe Naraskevich, 9, a "bad boy," and his father refuses to take him from the detention home where he is being held. The father said he does not want him anymore.

Joe was arrested by Lakewood police last week and placed in the detention home. He would not tell his name.

The father identified the lad today after seeing his picture in a local newspaper. He said Joe was sent here from Poland about a year ago, and that he has been a "nuisance" ever since. He continually runs away, the parent explained.

Joe speaks very little English. His father explained that he and his wife came to this country eight years ago, leaving their child behind.

#### Truck Crashes On Damascus Highway

Roy Royer and his eight-year-old daughter, narrowly escaped injury in an accident last evening on the Salem-Damascus rd., two miles west of the city, when a prize truck driven by Royer and owned by R. H. Royer, of Hartsville, was turned over.

The left rear axle on the truck broke, causing it to run into the ditch, and scattering vegetables over the road.

## GOOD WILL?

For two weeks past Salem has read much ballyhoo about Ohio's first good will air tour, sponsored by the Ohio Chamber of Commerce. When it became known that the good-will tour was to halt in Alliance and then fly over East Liverpool a letter was sent to the aeronautics committee of the Ohio Chamber of Commerce asking if it would be possible for the planes to fly over Salem, as this city was practically on the route between Alliance and East Liverpool.

A letter came in return stating that this matter was entirely up to the control committee. The letter did not state whether the request was forwarded to this committee or not, but it did ask if Salem would enter a plane in the tour.

When the definite route of the tour was announced a telegram was forwarded to the control committee and again requested this flight of 30 planes of many types pass over Salem on the way from Alliance to East Liverpool. Instructions in the telegram were to wire the decision collect.

The worthy committee did not see fit to answer the telegram.

Such courtesy and good-will does not become the Ohio Chamber of Commerce.

It is evident that the good-will part of the tour is entirely in favor of the companies and organizations placing planes in the tour. Salem will go on as usual whether these planes fly over the city or not, but air-minded residents would have enjoyed seeing the fleet. The heads of the tour may possibly stretch the point and add three minutes to the flying time of the tour and pass over Salem, but were not sufficiently interested in a request to answer it.

## What Others Say

**TOO MANY RED HERRINGS**  
If the efforts of the president and the British prime minister to come to an agreement on the reduction of naval armaments end in failure, some part of the responsibility, at least, will belong to those loose talkers who are, consciously or unconsciously, breeders of dissension. They drag too many red herrings across the trail. Senator Borah is seldom discreet, but even he might have realized that a demand for the sinking of British cruisers would not greatly advance the prospects of agreement, and Senator Swanson, another member of the senate foreign relations committee, went even further in suggesting that Mr. MacDonald was not playing fair. Now comes Rear Admiral Halsey and Rogers, both retired, who in the course of a debate on limitation at the Williamstown institute, charged the British with bad faith in the Washington conference of 1922.

It is hardly complimentary to Mr. Hughes, who was the moving spirit of the conference, or to Lord Balfour, who gave him sincere and confident support, to say that it was called as the result of British propaganda, or that the United States was fooled into scrapping its battleships in order that Great Britain might have an unrestricted hand in building cruisers. The present superiority in British cruiser strength is not so simply explained. George Young, a socialist M. P. who took part in the discussion, rightly remarked that the United States gained a great compensation in the ending of the Anglo-Japanese agreement. These reprimands are purposeless; they create irritation and make harmonious action all the harder.

Another question which might well be dropped for the present is the freedom of the seas. As Mr. Baldwin once remarked, the signing of the Kellogg pact has robbed it of much of its vitality. It is the obvious intention of both Mr. Hoover and Mr. MacDonald to ignore it as a factor in the argument or reduction. It is doubtful if either Great Britain or the United States would be willing to abandon the right of blockade in war and in peace the seas are always free. Four years ago the department of state pointed out the difference in our own position when we were neutral and when we were belligerent. Thus in the World War we adopted and enforced even more rigorously the British rules.

## The Stars Say

For Friday, Aug. 23.

Th highly hostile force of so-called malefic planets being dominant on this day presage many difficulties and tribulations. There is a cloud of sudden and malevolent upsurge which may be far-reaching and disastrous in its final results, and this menacing situation may be precipitated by a tendency to rash, tempestuous and impulsive words and deeds. Diplomacy, strategy or secret agreement may be the means of saving the day from calamity, if allowed to operate.

Those whose birthday it is may be confronted by a year of upheaval, turbulence and possibly violent situations, and perhaps precipitated by their own want of calmness, discretion and self-control. With diplomacy and extreme precaution or by secret understandings such disaster may be circumvented. Beware of personal danger through accident of fire. A child born on this day will be disposed to be irritable, impatient, impulsive and irresponsible unless strict self-control of tongue and temper be inculcated in infancy. ## Hives Mean Internal Poison

BY ROYAL S. COPELAND, M. D.  
(United States Senator from New York)

DR. COPELAND

The editor of a mid-western paper wants an article on hives. Apparently one of his readers is suffering from this trying ailment and is looking for a means of escape. I am glad to describe the treatment for this trouble.

Hives is a strange disease. Without warning and often without discoverable cause, hives or swellings appear on the surface of the body. There may be but one welt or there may be a hundred. The skin looks red and feels itchy. Sometimes it has made an attack upon the helpless victim. The itching, smarting, burning, fainting sensations are painful to bear. It is impossible to keep from scratching and digging the inflamed parts.

Sometimes the reaction is so great that there is actually fever and malaise. It is an irritating thing to suffer such an attack.

The worst part of it all is that the sufferer cannot console himself with the thought that pretty soon it will be over and that will be the end of the trouble. For one attack of hives is almost sure to be followed by another and by repeated attacks.

Invariably this ailment is the outward and visible sign of an internal poisoning.

Food poisoning. This may be a poisoning from bad food or from a given food that is harmful to that particular person. In short, he may have what the doctors call an "idiosyncrasy," what is food for one may be poison to another because of some individual peculiarity.

In a case like this, a careful process of elimination will disclose the offending food. One after the other, this and the other food must be omitted from the diet. It may be milk, cream, cheese, eggs, some form of meat; or another article of diet.

The scientists have discovered a way of making good vaccines which are used to discover the offending food. The arm is scratched a bit and the vaccine used until one is found that produces a "reaction." This is a quick way to locate the offensive foodstuff.

Sometimes pus infection—in the teeth, tonsils, nasal sinuses, ear, gall bladder, or elsewhere, may be productive of a poison which will cause hives. A careful medical examination is likely to find the seat of the trouble.

For the itching and painful local symptoms, hypodermic of soda, tablespoonful to half a pint of water is useful as a local application. This may be scrubbed on the affected parts. If the hives cover the entire body, a pint or more of the soda may be dissolved in a tub of water. Soaking in this will help.

But of course you need the advice of your doctor. Every case must be studied on its individual merits.

## ANSWERS LADY VOTER

To the Editor and Citizens of Salem, O.

In answer to the party who signs herself "Lady Voter" will say I am pleased to know one who has the backbone to come out and criticize my letters that I have had published in the Salem News and thereby giving me a chance to straighten out the many misunderstandings that come to a person who is trying to do good.

Our Saviour who was sent to us for nothing else but to do good had this very same experience.

I am also glad to note there is one woman who can see nothing else but virtue in her sisters. As woman, as a rule can see everything else but virtue, and is the very first one to tramp her down and scold at her when she goes wrong.

Yes it is true I have many women from spending a night or a longer period in jail, but I have never yet gone on a girl's quest \$100 to do so.

The girl questioned and conducted did not come to the first hand, but came to me through the Salvation Army and other sources, but I hope it is as the dear sister says it is, and not so bad as represented to me, but was told to me by the Salvation Army who said they had four girls who needed such a home and they had taken one to Cleveland and had three others in need of immediate attention.

The dearest suggestion of a remedy the lady voter made, the dance hall and betting pool, is a combination of savagery that the Indians are discarded it as they become civilized. I have the testimony of a mother of a home for fallen women who says seven-tenths of the girls received at that home have fallen through dancing and its influence. I would sooner be criticized by some one who has had a Christian experience and be able to understand me better.

Respectfully,

GEO. W. ALLEN

DRA. JOHN MARSHALL

DRA. Editor

After reading the trashy article by John W. Marshall in the Salem, Ohio News, may I reply as a legislator.

The American Legion is proud to none in the U. S. A. for service rendered the country and that goes all over the United States. We do not run around and cause trouble as this party states, rather do we help the town, city and state and nation along in hundreds of ways. When I read his article it looked to me like the ranting of a Red. In place of one who thinks he has the good of his country at heart.

A few things the Legion does in all towns and cities are help the disabled soldiers get a foothold, look after the wives and children of soldiers, sponsor Boy Scout and drum and bugle corps, also bands and a thousand other things. Is this not better than the ranting of a few Red who still lack for the universal split up of all wealth.

Yours Sincerely,

CHARLES MARTON.

## SONG TITLES

Editor The News:

A fine comedy compiled from song titles of the world's favorite composers. The two characters of the play, Johnnie and Lena, are the backbones of the comedy and Emmet, respectively, have for the time being been liberated from the hall of fame and thrust into the environment of modern society, where they become engaged in a shady business. The peculiar manner in which they express themselves is due to provincial training, their vocabulary consisting of only such words and expressions as their masters have taught them. The punctuation, of course, is my own.

Johnnie, hilariously:  
"Hi Le Hi Lo.  
Oh, Happy Day.  
We've Reached a Land of Corn  
and Wine,  
Dear Heart,  
You and I."

Johnnie instructs Lena:  
"Always  
Close Your Eyes, My Darling,  
To Mother Goose.  
Prevent  
Embarrassment  
With the Gooding."  
Lena, mockingly:

"Faithful Johnnie,  
My Dearest Heart,  
When the Heavens Trumpets  
Clang  
What Shall I Say—  
Welcome Pretty Primrose,  
Glew Worm?"

Johnnie, persuasively:  
"Dearest Believe:  
Within This Sacred Dwelling,  
I Fear No Fox—  
Johnnie starts, hears police whistles.

"Ave Marie!  
The Campbells Are Coming!  
Flee, As a Bird—  
The Moon Has Raised Her  
Lamp Above  
The Bell Tower."

Lena now wrapped in:  
"Silence."  
Johnnie grabs Lena by shoulders:

"Speak I Pray Thee!  
If You Have Naught to Tell Me,  
Good Bye!"

Lena mischievously:  
"Oh, My Fernando!  
Be Still!  
To My Friend,  
Jesse.  
The Smuggler!"

## STOMACH TROUBLE?

"DIETETIC DEFICIENCY" AND "TOO MUCH ACID" CAUSE 9 OUT OF EVERY 10 ATTACKS

"DIETETIC DEFICIENCY" (failure to digest starches), causes more than one-half the stomach troubles. Because of this deficiency, potatoes, breads, macaroni, rice, and other starchy foods remain undigested and cause indigestion and "acid" attacks. This is the cause of almost all the remaining half of our stomach troubles. It is also the cause of fermentation and excess digestive acids.

ACIDINE, the new discovery, is a perfect anti-acid combined with the strongest stomachic stomachic, one pound of which will digest more than 300 pounds of starchy food.

ACIDINE is the first complete remedy for STOMACH TROUBLE—an acid, indigestion, heartburn, flatulence, gas, and all the remaining half of our stomach troubles. It is a perfect anti-acid combined with the strongest stomachic stomachic, one pound of which will digest more than 300 pounds of starchy food.

## RUSSIAN GUNS MOVE FORWARD TOWARD BORDER

### Soviet Artillery Now In Range of Defensive Troops

Peiping, Aug. 22.—Soviet artillery positions have been advanced on the Siberian-Manchurian frontier, west of the city, according to word from the Chinese government, it is of this city today.

The Russian lines are now within the range of the Chinese defensive positions around Manchuria. Red armored trains, bearing both artillery and machine guns, are ready for action upon the Siberian railway on the Chinese border west of Manchuria.

Red subunits are said to be getting more active on the Amur river. There are frequent outbreaks of fighting along this stream which forms part of the Northern Manchurian frontier.

The Chinese are moving additional reinforcements into Northern and Western Manchuria, but are hampered by the refusal of the Japanese to permit Chinese soldiers to use the South Manchuria railway station at Changchun. It is reported the Chinese are preparing to build a short railway line to meet this difficulty and enable troop movements from irin to Harbin.

### De Priest Speaks To Negro Voters

New York, Aug. 22.—Harlem knew all about politics today. The 1,000,000 or more negroes in New York's black belt have learned their political primary from Oscar De Priest, of Chicago, only colored representative in congress.

His mane of white waving belligerently De Priest gestured wildly and shook his fists as he exhorted colored voters of Harlem to elect only members of their own race to office.

### Cow Bites Farmer: Dies From Rabies

New York, Aug. 22.—A cow bit a farmer! Nothing new in that—but the cow died of hydrophobia, and the man's family had been drinking the cow's milk up to within 24 hours of her death.

A physician of Dowagiac, Mich., was called to treat the farmer for the wound, and gave the farmer, his wife and two sons rabies vaccine injections to protect them from possible appearance of that disease.

Parke-Davis Research Laboratories were consulted and a biologist said that "while it is not known that rabies virus can be conveyed in milk, neither is there evidence that it cannot." The cow, apparently had contracted hydrophobia from the farmer's blood, which was infected with the rabies germs from her own milk.

### To Identify Genuine Aspirin

THE increasing use of Bayer Aspirin every year is proof that it has no ill effects. It is the accepted antidote for pain. It always helps; it never harms. Quick relief when you've a headache, or cold; or are suffering from neuralgia or neuritis. Rheumatic pains yield, too, if you'll only give these tablets a chance. But you want genuine Aspirin, so look for the Bayer Cross on every tablet. The box always bears the name Bayer and the word genuine printed in red.

Aspirin is the trade mark of Bayer Manufacture of Monzoniusstrasse, Germany

### MIMIC BATTLE RACE FEATURE

#### "Dog Fights" to Be Many At Cleveland's National Aerial Event

Cleveland, Aug. 22.—Eighteen of the United States navy's crack battle planes, comprising "Navy Fighting Squadron One," will engage in a spectacular sham battle over the Cleveland Municipal airport during the National Air races to be held here August 24 to Sept. 2, officials of the air show announced today.

The airplanes staging the mimic warfare — a detachment from the famous aircraft carrier U. S. S. Saratoga — will be equipped with smoke apparatus and flares and in the course of the performance many will simulate being shot down out of control, engaging in machine gun encounters and falling in flames.

### How to Lose Two Dozen Pounds of Fat

At The Same Time Gain in Physical Vigor and Youthfulness and Swiftly Possess a Clear Skin and Vivacious Eyes That Sparkle With Glorious Health.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast. Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are tuned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

If you want to lose fat with speed get an 85c bottle of Kruschen Salts from J. H. Lease Drug Co., Flooding Drug Store, Bolger & French or any live drugist anywhere in America with the distinct understanding that you must be satisfied with results or money back.

### LOWRY-MURPHY

Miss Helen Lowry and Lawrence Murphy were united in marriage at 9 a. m. Wednesday at St. Paul's Catholic church, McKinley ave. Rev. Vincent Jones, the assistant pastor, officiated at the mass. Mrs. E. F. Deagan played during the mass.

## VETERAN DEATH CAUSE UNSOLVED

Well Known Educator Found In Dazed Condition

Charleston, W. Va., Aug. 22.—Funeral services for William Lohmeyer, Jr., 34, former associate professor at Harvard university and member of a socially prominent and wealthy family here, are to be conducted late this afternoon.

Lohmeyer, who was the youngest captain of engineer corps in the United States army during the World war, died in a Huntington hospital where he was treated after being found wandering in a dazed condition near Richmond, Va., last week from an unknown cause.

He was very prominent in educational circles.

When the United States entered the World war he was made a captain of engineers in the regular army and was the youngest man of that rank to ever have a commission confirmed by the senate.

He was wounded at Soissons in the Chateau-Thierry drive and was an invalid in a hospital for 23 months as the result of the wound.

He held a master of arts degree from Oxford university, England.

## Communists Burn Effigy of Judge

London, Aug. 22.—About 1,000 Communists held a mass meeting in the shadow of the tower of London today and burned in effigy Judge Barnhill, who presided at the hearing of cotermin mill strikers at Gastonia, North Carolina.

The Communists adopted a resolution protesting against the arrest of Gastonia trade unionists on a "faked murder charge."

The prisoners were accused of killing the chief of police during strike trouble at Gastonia.

The mass meeting here was held under the auspices of the international class war prisoners aid organization.

## Father Leaps From Stove; Injuries Fatal

Dayton, O., Aug. 22.—Acting under an erroneous impression of the seriousness of his son's injuries, dependent Steve Alex, 40, committed suicide by jumping off a basement stove. His head hit the concrete floor.

The boy, Steve, Jr., was hurt in an automobile accident recently. Although the lad was not seriously injured, his father, not fully understanding the extent of his boy's condition, became despondent. According to members of Alex's family, it was this state of despondency which led to his committing suicide.

## Child Drowns

Gallion, O., Aug. 22.—Little Alice Eckert, 10-year-old daughter of Mr. and Mrs. William Eckert, was drowned while swimming during an outing at Crestline, near here, last night. Funeral arrangements are expected to be completed today.

## COUNCILMAN TO FACE CHARGES

Cleveland Solon Rapped In Report of State Examiner

Cleveland, Aug. 22.—Charges that William G. Gibbons, Cleveland, city councilman, has been interested in contracts with the city—a law violation punishable under the city charter and the state law by removal from office—were preferred against the councilman today by State Examiner W. E. Heck.

It was alleged in a report made by Heck that Gibbons represented clients with personal injury claims against the city and in doing so collected more than \$1,000 in fees.

Councilman Gibbons today denied the charges saying he represented clients in the "ordinary course of legal business."

Carl F. Shuler, city law director, also came under the attack of Examiner Heck. Shuler was severely criticized on the grounds that he authorized excessive settlements in the injury claims and that he accepted them as presented by Gibbons without the proper investigation.

## MOVIES

"THE MAN I LOVE"

Romance, that quivers and throbs with the life that is woven into it thrill audiences at the State theater tonight where Richard Arlen and Mary Brian supported by a superb cast, sparkle in the fast-moving, all-talking Paramount picture, "The Man I Love." The picture will continue today, tomorrow and Saturday.

Both Mary Brian and Richard Arlen have given promise of great things in the past but, in "The Man I Love," they realize a glorious fulfillment. The story, dealing with the love affair of a boy and girl who go to New York in answer to an ambitious urge and find only disappointment, is filled with the adventure in which youth revels. Arlen as the boy lover is great and, as the young man filled with the pride of achievement, he is superb.

A shining thread of humor, supplied by Harry Green and Jack Oakie, keeps the laughs going throughout the piece. They are supreme comedy men. Bacanova is charming in a strong role and Pat O'Malley, Leslie Fenton and the rest of the cast deserve the highest praise.

"The Man I Love" is the kind of picture that everyone will love. It is entertainment well directed, well acted and excellently portrayed. There is not a dull moment in the show from beginning to end. "The Man I Love" is one of the bright spots on the cinema calendar for the year.

Miss Brian's voice, singing the theme song "Celia," is especially worth hearing. It matches her personality perfectly. It is sweet and gentle, yet strong and characterful. Richard Arlen talks in "The Man I Love" for the first time on the screen and Bacanova's delicious accent is another point for the excellence of the picture.

### About Town

Howard French, son of Mr. and Mrs. Roland H. French, South Orange, N. J., grandson of L. B. French, Salem, is an artist. He plans to exhibit in his Brooklyn studio this fall the paintings he is making of the Margu Valley on Cape Breton Island. Mr. French and his brother, Akin, recently took a motor trip through Nova Scotia.

Grange Will  
Members of Goshen grange will hold a picnic supper Friday evening at the hall. Each family is requested to bring its own table service, a covered dish and sandwiches.

### Murder Theory Out

Pittsburgh, Aug. 22.—Police today abandoned the murder theory in the death of Frederick C. Schiller, 24, when his brother, William B. Schiller, Jr., admitted that the young heir to the steel millions had telephoned him and announced his intention to take his own life. Young Schiller shot and killed himself Tuesday night.

# Damascus Defends Position In City Mushball League Race

## Billiards Lose 6-0 Game For League Honors

Aspirations the Billiards were of going into a tie for first place in the city mushball league with Damascus, were wrecked at Central park last evening when the Damascus tossers trampled the aspirants 6-0 in a rather uninteresting game.

Unlucky errors on the part of the aspirants and timely home runs by Damascus figured largely in the final. The summary:

## National League Race Seems Well Sewed Up By Chicago

BY HENRY McLEMORE  
New York, N. Y., Aug. 22—Add striking contrasts: The National league in 1928 when the clubs were closer than the next endurance fight and the fans going to sleep not knowing who would lead in the morning, and—

The National league in 1929 where, following the Cubs taking such a commanding lead, things have reached such a state of languor that yesterday a fan was forced to explode a giant fire cracker to keep things alive as the Cubs whipped the Giants, 9 to 2.

It was the Chicago's last appearance here for the season and they made a neat job of leaving. They lapped three Giant's pitchers beginning with Larry Benton for 14 hits, two homers being included.

The Phillies continued to show little or no brotherly love for the Pirates, taking their fourth in a row from the Corsairs. Lefty O'Doul produced a home run with two on in the fourth inning when the score was tied at 6-6.

The Braves and Cincinnati divided a double-header, Boston winning the first game, 7-1, but dropping the second, 8 to 7.

Clise Dudley, the Rudy Vallee of baseball, scattered six singles among the Cardinals and gave them no runs while his team-mates eked out a single tally to win the ball game. Babe Herman boosted his already fat average by getting two singles in three trips to the plate. Dudley's victory came after 11 straight defeats.

Ed Wells had it not been for his home run ball, would have turned in another win for the Yanks, but homers by Kerr and Reynolds gave the White Sox a 4 to 3 win. Byrd and Koenig accounted for two of the New York runs with homers.

The Browns made it three out of four for the series by trimming the Athletics, 7 to 5. The victory was a costly one, however, as both Manush and Schulte were badly hurt in a collision while chasing French's drive. Schulte suffered a concussion of the brain. Manush suffered a broken nose and badly split lip.

Wesley Ferrell pitched his second successive four-hit game and his fourteenth victory of the season as Cleveland turned back Washington, 3 to 1.

Uble held Boston to five hits while his team-mates pounded Byrne and Carroll for 15 and the Tigers swamped Boston, 13 to 2.

## LEETONIA

The Leetonia Kiwanis club was in session Tuesday evening at the regular meeting of the club held in the dining rooms of the Presbyterian church where the women of the church served dinner.

Following the dinner, Elmer E. Harrold of East Columbia st. gave an illustrated lecture. Mr. Harrold is especially noted for his skill as a nature photographer, showing a large number of new and beautifully colored photographs taken when he and Mrs. Harrold motored to California this year. There were pictures of birds, plants, flowers, missions, buildings and many of the desert. While the pictures were thrown on the screen, Mr. Harrold explained each one, told where photographed and the circumstances surrounding the taking of the picture. It was a finest collection of nature photographs the audience had ever seen.

Mr. Harrold is a member of the Youngstown Nature club and has frequently shown his photographs here, Youngstown and other cities.

The next meeting of the Kiwanis club will be Tuesday evening, and the ladies' night. At this time the Kiwanians will entertain their wives and sweethearts to dinner and an entertainment.

Mrs. W. P. Wilhelm entertained the Tuesday five hundred club at her home, Somer st. Tuesday afternoon. Two tables were in play, with Mrs. C. J. Spahr receiving most for highest score, while Mrs. L. F. Seagle received the consolation award. Miss Maybelle Ballentine was presented the guest prize. The hostess, assisted by her daughters, served lunch.

Mrs. Sue Bixler and Mrs. W. S. Groter were in Salem Tuesday forenoon and called on their cousin, Mr. and Mrs. T. W. Small.

Mrs. J. W. Moore was a Salem business caller Tuesday.

Mrs. Florence F. Wilhelm and her sister, Miss Jessie, the latter of Salem, were Salem visitors Tuesday. Mrs. John Clunen was a Lisbon business caller Tuesday forenoon.

Mrs. Amy Shinn and Helen Wilhelm returned to Columbus and will be with Mrs. Clarabel Bickel for a few days, returning home Monday accompanied by Miss Florence F. Wilhelm who had been the guest of Mrs. Bickel for a week.

Mrs. John Brady and little daughter Virginia, of Homestead, Pa., are visiting in the home of Mrs. Brady's sister, Mrs. Emil Holz.

## Museum Gets Relics Of Mexican Volcanos

Chicago, Aug. 22—Relics of ancient volcanoes in New Mexico, some of which were active as far back as two million years ago, and others recently enough perhaps to have been seen by the early Spanish explorers of America, were brought here to the Field Museum of Natural History recently by Henry W. Nichols, leader of a museum expedition.

The expedition's operations were conducted chiefly in the San Mateo and Zuni mountains, especially in the vicinity of Mount Taylor, tallest peak of the region. Headquarters were maintained at Grant, New Mexico.

The collection obtained includes a vast amount of "volcanic bombs," ashes, lavas and other products of volcanic phenomena. Many of them are remarkable for their huge size and their fantastic forms. Several large slabs of "malpais" show how sharp needle and razor-blade-like points and edges form on the surface of lava waves while they are cooling and solidifying, as a result of the action of volcanic steam, wind and other forces.

# Now SOHIO ETHYL sets new standards in anti-knock quality

**STANDARD OIL (Ohio) is now putting more Ethyl brand of anti-knock compound into Sohio Ethyl Gasoline.**

To owners of the high-compression cars of today, this change means added assurance of maximum motor efficiency.

To other drivers it means a definite increase in the advantages afforded by Sohio Ethyl when used in any make or model of car.

This increase in the Ethyl content of Sohio Ethyl gasoline produces a fuel that exceeds official anti-knock standards. It materially strengthens the ability of Sohio Ethyl to do these things:

1. Stop carbon knocks
2. Give smooth, even power
3. Make frequent gear shifting unnecessary
4. Prevent needless wear and tear—help keep motors cool

The sweeping popularity won by Sohio Ethyl Gasoline in its first year attests its unique character. Sohio Ethyl is a remarkable motor fuel—remarkable for its purity, uniformity and volatility. And now we are putting *even more* Ethyl into Sohio Ethyl—making it a still better motor fuel—but with no increase in price.

Here is a concrete instance of this Ohio Corporation's avowed policy—to provide Ohio motorists the finest motor fuel and lubricants that modern science can produce.

Are you getting all your motor's power?

Any automobile motor having a compression ratio of 5 or more to 1 requires Ethyl Gasoline to develop the power and efficiency it was designed to furnish.

Get a copy of this folder at any Standard Oil (Ohio) service station or Sohio dealer's. It tells at a glance whether your car requires Sohio Ethyl.

But remember that stopping the knock—and Ethyl does!—will make any motor smoother, more powerful, more efficient.

## All MECHANISM ON TOP where it belongs!

THERE are many reasons why all the mechanism of the General Electric Refrigerator is placed on top of the cabinet. Here are 3 vital reasons:

1. Refrigerating mechanisms develop heat in the process of cooling the interior of the refrigerator. This heat escapes and rises. Therefore, General Electric has placed the refrigerating mechanism on top so that the escaping heat travels away from the cabinet.
2. Placing all the mechanism on top of the cabinet achieves maximum food storage space within the cabinet.
3. With the mechanism on top, the inside of the cabinet is free from obstructions and easier to keep clean.

There are now more than 300,000 users and not one has ever spent a dollar for repairs. Visit our display rooms and see the new all-steel mod. ls.

State Highway Officials To Inspect County Road

Representatives of the State Highway Department, Columbus, will visit Columbiana county next week for the purpose of inspecting 2 1/2 miles of much type bituminous roadway that has just been finished by County Highway Superintendent W. C. Neff of Lisbon.

This is the first time such a type of road has been built in eastern Ohio, and is a section of the Lisbon-Clarkson road, or a continuation of the Lincoln highway east of Lisbon. It extends from the Y. &

O. bridge to the 10-foot paved road into Ekston. The mile of paved road is now being covered with the same type of material, and also widened to a width of 18 feet. The road is exceptionally smooth, and was built at a cost of about \$7,000. Road crews under the direction of Mr. Neff worked in day and night shifts, and the two mile section was built and opened to traffic within two weeks time. The project has already been classed as the best road of the kind so far built in the state.

The Plot Thickens

Evidence developed by the District Attorney in Los Angeles indicates that when trial of Alexander Pantages, millionaire theatre owner, is held in that city that sensational features will abound. Since Miss Pringle, the seventeen-year-old dancer, had the theatrical man arrested on charges of assault her parents have received numerous threats of death if the case is allowed to go to trial. The District Attorney, however, promises speedy action.

# Use Microscope In Crime Detecting

Aug. 22 — Gangsters, crooks and other undesirable persons are going to have their lives made miserable in Chicago next week by a high-powered microscope.

Max Calvin H. Goddard, ballistics expert who was pressed into service by Governor Herman N. Buesen and who will head the scientific detection laboratory which is being established at the St. Valentine's massacre of seven men in Chicago, is coming to this city to study methods of microscopic detection in Paris, Vienna, Rome and Scotland.

cities are far behind Europe in the scientific inquiry of clues," said Maj. Goddard. "It is for this reason that I will spend the following months there, gathering what data and knowledge is available to put in practice here."

"Masters have been solved by continental detectives through the running down of bacteria found on dead men's clothing and through other detections equally as subtle. While the European police have not progressed as much as we in the science of projectiles, they have much to give us in other fields, such as blood analysis, the study of handwriting, of footprints and the like."

### Rodeheaver Directs Sacred Music Fete

Winona Lake, Ind. Aug. 22.—The annual sacred music conference and festival will be held this year from August 12 to 15 with Homer Rodeheaver of Billy Sunday Revival fame as director.  
The aim of the conference is to give church musical leaders the most practical instruction for their particular work in the church. More than 10,000 persons from all parts of the United States, are expected to attend this year's conference.  
"This is the opportunity church workers are seeking," Rodeheaver said. "Pastors can do nothing better for their musical directors than to send them to this conference. Choir leaders are instructed, organists and pianists are given special training and platform and organizational methods of procedure are discussed."  
Church choir program instruction will be in charge of George L. Tenney, director of music in the New First Congregational Church of Chicago and leader of the Lutheran Teacher's chorus of 150 voices. He will be assisted by Mrs. Tenney, a widely known soprano soloist.

### COURT NEWS

**Foreclosure Dismissed**  
On a motion filed by the plaintiff, the foreclosure action recently filed in common pleas court by the Enterprise company against Ralph Reed has been dismissed. This was done at the costs of the plaintiff.

**Journal Entries**  
In the foreclosure action filed by the Farmers & Merchants Banking Co. of Leontia against W. S. Marshall and others, the court has granted the plaintiff leave to file an amended petition at once.

**Leave to the Defendant to Plead**  
at once has also been granted in the case filed by James Utt against the Western & Southern Life Insurance Co. This action is for the purpose of recovering \$944 from the defendant, claimed to be owing on an insurance policy.

**Suit Dismissed**  
The suit of the Union Commercial & Savings Bank against John A. Souders, an action in aid of execution, has been dismissed by Judge Lopez at the costs of the plaintiff, and on its own motion.

**Faces Contempt Charge**  
Kirby O. Sanor has been ordered to appear before Judge W. F. Lounsbury in common pleas court next Monday and show cause why he should not be punished for contempt.

Last May his wife, Mary A. Sanor, filed an alimony action against him, and the court then on the hearing of a motion for a temporary order, caused Sanor to pay his wife \$50 within 30 days as counsel fees, and in addition \$10 weekly for her support.

Equipped with the famous "Cold Control"

With the famous Frigidaire "Cold Control" you can regulate the freezing time in your Frigidaire just as you regulate the cooking time in the oven of your gas stove.

Only \$205\*

f.o.b. kitchen

a New FRIGIDAIRE Porcelain-on-steel outside and inside

Look at this new, low-priced Frigidaire. The beautiful cabinet is finished in Tu-Tone Porcelain-on-steel, with Porcelain-on-steel lining. All the mechanism is concealed so you can use the top of the cabinet for kitchen shelf space. And this mechanism is extra-powerful. It keeps foods safely cold, even on the hottest days. Yet it's so quiet you don't hear it start, or stop, or run.

Now look inside and see how much room there is—no less than 8 square

feet of shelf space. Tall containers fit in easily. And it's easy to reach the lowest shelf without stooping.

Examine the famous "Cold Control." This enables you to govern at will the time required to freeze ice cubes or to make frozen salads and desserts.

But call at our display room and see everything for yourself. You can have this Model AP-4 Frigidaire installed in your home for only a few dollars down—the balance arranged to suit your convenience.
